Vivenda da Nespereira - Countryside house renovation project

Located in the heart of a friendly hamlet, this property makes a great opportunity for renovation lovers to revive its beauty.

You reach the property by tar road with easy access.

It consists of 2200 m² of land, stretching over two sides of a road with little traffic, and features a residential house, registered with a gross construction area of 255 m², consisting of several divisions, annexes, a south-facing terrace with beautiful views, cave and storage space, attic. The house is in need of a complete makeover. Walls are built in schist stone and brick, the roof structure is made of metal and has sandwich panels on top. Up to the future owners how they want to refurbish the interior.

The layout of the house features a main living area on the ground floor, built on top of the externally accessible basement. Above the ground floor you will find a spacious attic which could be used as an
